

Hyak Visit

Below abc is your userid and xyz is your group.

If your desktop is Linux or Mac OS (with X11 installed)

```
ssh -X abc@hyak.washington.edu
srun -p xyz -A xyz --time=2:00:00 --mem=100G --pty /bin/bash
module load visit_2.6.2
visit
```

The visit GUI should appear on your desktop.

If you want to use a Visit client on your desktop and connect to hyak put below line in your hyak .bashrc file.

```
module load visit_2.6.2
```
