Page: [Activating Plugins](#)

About Plugins There are a lot of really handy plugins and features that are available for WordPress that add new features and expand upon existing ones. We've included some of the most useful plugins in our Blogs network, and all you have to do is activate

Page: [Activating your Blog](#)

Activating your Blog Next Steps After your blog is set up, we recommend viewing Getting Started with your Blog.

Page: [Add or Remove your Blog from the Blog List and Recent Posts](#)

Add or Remove your Blog from the Blog List and Recent Posts The Blog List is an automatically generated page on the UW WordPress Network portal that displays a list of current blogs. The recent posts widget is displayed on the portal home screen and highlights

Page: [Adding Administrators, Editors, or Users to your Blog](#)

Overview In many situations, it is often desirable to add additional administrators, editors, or authors to your blog. While only faculty, and staff can "own" a blog, they can add any UW NetID holder to the site as an administrator once the blog is set up

### B

Page: [Blogs Network Policies](#)

Relevant UW Policies All relevant guidelines that govern your use of web publishing on your personal or shared NetID also apply to your site on the UW WordPress network. Appropriate Use of UW Resources <http://www.washington.edu/itconnect/policy/> UW DMCA (

### C

Page: [Changing the Name or Tagline of your Blog](#)

Changing the Name or Tagline of your Blog Your blog is automatically created with a name closely resembling "Blog of <NetID>." It is often desirable to change this to something a little more creative, descriptive, or unique. Additionally, you can change y

Page: [Comment Management](#)

Introduction Comment policy and moderation is the responsibility of individual site owners. As such, a large degree of flexibility is presented for selection and management. We think our default settings offer a good mixture of convenience and usability,

Page: [Contacting Us](#)

Your feedback is always welcome. Please contact us at [help@uw.edu](mailto:help@uw.edu) for comments, questions, or concerns.

Page: [Custom URLs for your blog](#)

All UW WordPress Network blogs will be accessed via links like: [blogs.uw.edu/netid](http://blogs.uw.edu/netid) However, to achieve a custom address, the URL Forwarding service can be used with WordPress Network blogs. That would allow use of a custom domain address which would forward
